ABOUT ME

I am a passionate, creative Web Developer and UI/UX Designer with over 2 years of professional experience in crafting user-centric digital solutions. My expertise lies in building responsive, intuitive, and visually appealing websites that enhance user engagement and drive results.

WORK EXPERIENCE

WEB DEVELOPER

- Proficient in front-end technologies like HTML, CSS, JavaScript, and React frameworks such as Tailwind CSS, I specialize in bridging the gap between functionality and design.
- Familiar with Git for version control.
- Skilled in creating responsive and user-friendly websites.

UI/UX DESIGNER

- As a UI/UX designer, I excel in understanding user behavior, conducting usability testing, and creating wireframes and prototypes that translate client visions into impactful digital experiences.
- My collaborative approach ensures that I work effectively with cross-functional teams to deliver projects on time and exceed client expectations.
